1(U1230)

2(U1230)

3(U1230)

4(U1230)

5()

6()

☐ I have understood and will comply with the regulations

Department	Year	Class	Student ID	Student Name	Room Selected	Bed Selected
Department of Chemical Engineering					groupF19	6

Bed selection :
 ※ Yellow indicates that some beds in the room have been selected, but there are still available beds.
 Red indicates that the room has no available beds left.

Student dormitory 6 : Bed :

Admitted students may select their beds and form roommate groups during the open bed-selection period.

Instructions for Forming Roommate Groups

Select the same Group:

Students who wish to stay in the same room must choose the same Group number.

Bed Selection & Roommate Information:

When selecting a bed, the system will display remaining beds and the student IDs of selected roommates.

Save Confirmation: After saving, the selected bed will be displayed on the screen.

Notes: Bed selection is available (M = male / F = female), but room numbers cannot be chosen.
